

Remarks

This amendment is being presented to provide for proper dependency of the claims without the introduction of any new matter and correcting indefinite ambiguity that resulted in the translation of the claims from French into English and a new abstract has been added in accordance with current U.S. Patent Office practice.

This amendment places this application in better condition for examination.

Respectfully submitted,

Alain Barillot Et. Al.

  
Leo H. McCormick, Jr.

Attorney, Reg. No. 25,897
